RASHMIKA

FRONTEND DEVELOPER

SUMMARY

Highly skilled and motivated Frontend Developer with 2 years of experience seeking an opportunity to contribute my expertise in creating user-friendly web applications. Committed to delivering high-quality code and exceptional user experiences. Proficient in HTML5, CSS3, JavaScript, and modern front-end frameworks such as React. Solid understanding of responsive design principles, UI/UX best practices, and cross-browser compatibility. Excellent problem-solving and communication skills with a passion for creating visually appealing and intuitive user interfaces.

EXPERIENCE

FRONTEND DEVELOPER

JAN 2020 – MAR 2023

FREELANCER

- Designed, developed, and maintained the company's web applications and websites.
- Collaborated with cross-functional teams to define, design, and ship new features.
- Wrote reusable, testable, and efficient code in HTML, CSS, and JavaScript.
- Optimized web applications for maximum speed and scalability.
- Stayed up-to-date with emerging trends and technologies in front-end development. Implemented responsive design and cross-browser compatibility.
- Worked with clients to understand requirements and provided solutions. Utilized Git for version control and collaboration.

EDUCATION

B.E (ELECTRICAL)

JUN 2011 – JUN 2015

Rajiv Gandhi Proudhyogiki Vishwavidyalaya

HOBBIES

- Web Development
- Passionate about learning new technologies and keeping up to date with industry trends.
- Singing is one of my passions (Trained Classical Singer)

PROJECTS

E-commerce website:

Developed a responsive e-commerce website using React and Redux. Implemented features such as product listing, filtering, sorting, shopping cart functionality, and user authentication.

NEWS APP

Developed a news application that provides users with up-to-date news articles from various reliable sources. Implemented features such as categories filtering, search functionality. Integrating APIs to fetch and display news content, ensuring real-time updates and efficient data retrieve.

PORTFOLIO

Created personal portfolio website to showcase projects, skills and achievements. Designed and implemented a visually appealing and user-friendly interface to highlight experience and expertise. Includes section such as projects showcase, skills, education, certification, contact information for easy navigation and interaction.

COVID LIVE TRACKER

Covid live tracker that provides real time tracking and visualization of COVID-19 statistics and features like displaying global or regional COVID-19 cases, deaths and recoveries. Integrated APIs to fetch real-time data from reliable sources and ensured accuracy and timely updates

TO-DO LIST

Developed a task management application that helps users organize and prioritize their tasks efficiently. Implemented features such as task creation, editing.

WEATHER APP

Developed a weather forecast application that provides weather information for different locations. Utilized APIs to retrieve weather data including temperature, humidity, wind speed and precipitation. Implemented features such as location search.
