

## SUMMARY

I am highly skilled and detail-oriented front-end developer. Proficient in multiple programming languages, React and its components, hooks, and lifecycle methods, and I have experience with modern frontend frameworks such as Redux, Hooks, and Context API. I have a strong understanding of responsive design and cross-browser compatibility issues, and I am proficient in JavaScript, HTML, and CSS. I also have experience with Bootstrap and Material UI (MUI5) and am familiar with Git and version control. Strong problem-solving skills and ability to work effectively in a team-based environment.

## SKILLS

- Strong problem-solving
- Cross Browser Compatibility
- Responsive Web Design
- Rest Api , jQuery
- HTML, CSS, JavaScript & React.js
- Git, GitHub
- Bootstrap, Material Ui , tailwind Css
- SAAS, Redux

## PROJECTS

### EMPLOYEE MANAGEMENT SYSTEM

Developed a robust Employee Management System, providing comprehensive tools for efficient employee administration and data management with the key features:-

Implemented a user-friendly interface to seamlessly add new employees to the system using the technology ReactJs.

Captured essential employee details, including personal information, job role, and contact details.

Edit employee information dynamically.

Developed a deletion mechanism allowing authorized users to remove employee records securely.

Implemented confirmation dialogs to prevent accidental deletions and ensure data integrity.

### E-COMMERCE WEBSITE

Developed a responsive e-commerce website using React and Redux. Implemented features such as product listing, filtering, sorting, shopping cart functionality, and user authentication.

### NEWS APP

Developed a news application that provides users with up-to-date news articles from various reliable sources. Implemented features such as categories filtering, search functionality. Integrating APIs to fetch and display news content, ensuring real-time updates and efficient data retrieve.

## PORTFOLIO

Created personal portfolio website to showcase projects, skills and achievements. Designed and implemented a visually appealing and user- friendly interface to highlight experience and expertise. Includes section such as projects showcase, skills, education, certification, contact information for easy navigation and interaction. Using the technology like HTML, CSS and JS.

## COVID LIVE TRACKER

Covid live tracker that provides real time tracking and visualization of COVID-19 statistics and features like displaying global or regional COVID- 19 cases, deaths and recoveries. Integrated APIs to fetch real-time data from reliable sources and ensured accuracy and timely updates.

## WORK EXPERIENCE

### Frontend Developer, Freelancer

WFH • JAN 2021

- Collaborated with stakeholders during development processes to confirm creative proposals and design best practices.
- Designed and updated layouts to meet usability and performance requirements. Produced websites compatible with multiple browsers.
- Coded using HTML, CSS JavaScript and ReactJs to develop features for both mobile and desktop platforms.

## EDUCATION

**B.Tech/B.E. - Rajiv Gandhi Proudhyogiki Vishwavidyalaya (RGPV), Bhopal**
